ATLAS TRAVEL CLUB LLC • CONFIDENTIAL • PRE-SEED ROUND (\$75K / \$1.75M CAP)

1. STRATEGIC ACQUIRER CATEGORIES & PRECEDENTS

- Category 1: Major Financial Institutions (Amex, Capital One, Chase).
Precedent: Capital One acquired Velocity Black for \$297 Million (2023) to power its premium card lifestyle perks; JPMorgan Chase acquired Frosch Travel and The Infatuation. Acquiring ATLAS gives card issuers a proprietary 0% wholesale booking engine driving high interchange volume.
- Category 2: Public OTAs & Metasearches (Booking Holdings, Expedia, Trip.com).
OTAs spend billions annually bidding for one-off transactional users on Google Search. Acquiring ATLAS provides a sticky, high-margin SaaS subscription recurring revenue stream retaining the top 10% of frequent travelers.
- Category 3: Mobility & Super-Apps (Revolut, Hopper, Uber).
Fintech apps with millions of cardholders can instantly transform into high-yield travel subscription clubs without negotiating separate hedbank supply agreements.
